the headquarters of an unidentified division was located in a castle or manor house at Katsdanga (56043'N/21042'E), where, the command echelon of the German Eighteenth Army had been located for some time during World War II.

\* Comment. Since the 5th MVD Div belonged to the Leningrad Front at the end of World War II, it appears possible that it remained in the Baltic Sea area, with its headquarters in Riga.
